LOCOMOTIVE SECURITY GROUP

DOOR SUPERVISOR'S

FLEXIBLE EASY IN AND OUT CASUAL CONTRACTS

- Nightclubs
- Late Night Bars
- Shopping Complexes
- Late Night Food Establishments
- Festival Events

Our Door Supervision services for nightclubs centres on providing friendly, approachable and highly trained staff to ensure the safety of your customers and the security of your premises. We also offer added value in terms of management support and specialist security functions in line with your requirements.

Locomotive Security Group provides support for both staff and clients including response support to incidents. Each venue will have a main point of contact that they can ring at any time 24/7. We at Locomotive Security aim to take the worry of security away our priority is the protection of venue staff and customers. All staff employed are vetted and must have a front-line SIA Door supervisor licence. Venue contracts easy in and out terms and conditions.

SECURITY GUARDING

Locomotive Security Group Ltd prides itself on the service that it gives to their customers during a security assessment all safety aspects will be examined. We are here to not only protect but secure the site. We at Locomotive Security Group take corporate and construction site security extremely seriously since we understand that vast sums of money and crucial intellectual property that is at stake to would be criminals. Our 24-Hour Site Security Services are tailored to your individual business needs and handled by fully trained professionals who have the expertise and experience to give you total peace of mind.

Locomotive Security Group provides support for both staff and clients including response support to incidents. Each venue will have a main point of contact that they can ring at any time 24/7. We at Locomotive Security aim to take the worry of security away our priority is the protection of venue staff and customers. All staff employed are vetted and must have a front-line SIA Door supervisor licence. As well staff on our sites are insured with the latest guard tour technology immediate incident and tour reports.

Before site guarding even begins, we will have visited and thoroughly mapped your premises and identified the key areas where security matters most, or where we feel your security would be vulnerable this is all part of the initial consultation process.

Our 24-Hour Site Security Guards cover every aspect of site security, such as;

- Construction Site Security
- Demolition Site Security
- Corporate Security
- Commercial Business Security
- Gate House Security
- Emergency Call Out Security

LOCOMOTIVE SECURITY GROUP

EVENT SECURITY

Locomotive Security Group can provide venue and events security and crowd management throughout the UK. In today's environment it is important to get your security right we work with our client at the planning stage of their event to ensure all aspects of safety and security are covered.

Each event we provided security staff for will have their own security coordinator that will ensure the smooth running of the event. Our sister company Locomotive Learning provides regularly updated training in terrorism prevention and surveillance.

Each event will have a briefing at the start and a debrief at the end. Seniors directors of the Locomotive Security Group we arrange post-event meeting with a client this ensures that we can provide a safe and up to date service that is designed specifically for each individual client.

- Music Festivals
- Charity Events
- Football Matches
- Boxing Events
- Local Authority Events

KEY HOLDING SERVICES

We offer key holding services for business from as little as £3.50 per week plus VAT.

In its simplest form, key holding is the secure retention of keys for a client. Providing a locked, independent location for a set of your keys means that no matter what happens to your main set of keys or how far the registered key holders have travelled from the site, you can still gain access.

Key holding service provided by Locomotive Security Group is designed to take the worry of 24-hour security away. If you have an alarm system installed in your business premises and the system alarm sounds Locomotive Security Group will send a response team to check your business. We will thereafter attempt with your permission to reset the system or liaise with a qualified engineer prior to secure the premises.

This offers peace of mind and removes responsibility of holding keys from employees and friends. Our experienced staff are Security industry Authority Licensed We remove the risk for you.

LOCOMOTIVE SECURITY GROUP

SECURITY RESPONSE TEAMS

- Nightclubs
- Late Night Bars
- Shopping Complexes
- First Aid Responders

If your alarm is triggered Locomotive Security Group will attend with a trained SIA licensed response officer, they will have your keys already in a secure safe in the response vehicle and will carry out a full internal and external patrol of the property to find out what had triggered the alarm. Once the cause has been identified the appropriate protocols are followed. Locomotive Security offer this service 24 hours per day 7 days per week, giving you peace of mind always that someone is there to respond quickly, and act professionally should your alarm go off.

CONTACT US TODAY TO DISCUSS OUR SAFER NIGHTS SCHEME

GUARD TOUR SYSTEM

Locomotive Security Group Guard tour system Runs on Android Smartphones. Allows reading and recording of strategically positioned QR Checkpoints, to verify security tour compliance. Employs a "Start Tour" time counter which regulates the time taken for each tour or an array of multiple tours and allows precise reporting of duration and omissions. If during the tours abnormal situations are encountered, e.g. broken door, broken window, fire hazard, intruder, etc. etc., these can be reported through Ares QR. Also, photos of those abnormal occurrences can be taken and transmitted. In case of emergency Ares QR App features a configurable panic button, which when pressed, will transmit an Alert SMS message and will initiate an emergency phone call.

GPS Checkpoints

Precision GPS checkpointing enables to pin point any area that is being patrolled.

Date and Time Tracking

Tour tracking enables you to find out and report when an issue happens.

Automated Emails

Automated email reporting enables any issues that occur to be sent across to the manager.

Efficient Reporting

Viewable on practically any device; Google sheets, Excel, Open Office and CSV formats.
